# ALBUQUERQUE CLINICAL TRIALS

A Center for Clinical Research

Albuquerque Clinical Trials has been conducting clinical studies for over 30 years.

Participation in a clinical trial can be rewarding. You can learn more about the health condition which you or a loved one suffers from and receive important medical evaluations such as labs, ECGs, and physical exams at no cost to you. You can explore treatment possibilities while participating in exciting research! We have a list of new and ongoing studies on page 4 which might interest you.

**NEWMEXICO**  
**MEDICAL CANNABIS**  
CONFERENCE

The Plant | The People | The Purpose

Presented By :

On March 24, 2019 we will be hosting a table at the 3rd Annual New Mexico Medical Cannabis Conference at the UNM SUB. Come by and talk with us about our new and upcoming studies. While you're there make sure to grab yourself some ACT gifts!

*We have a special promo code for our patients. Visit [nmcannabisconference.com](http://nmcannabisconference.com) and use promo code **THANKYOU19** to save \$15 on your ticket. See you there!*

505-224-2735

**We are currently looking for volunteers for our Acne, Asthma, Migraine and Yeast Infection studies. Please contact Daisy at 505-224-2735 if you are interested.**

**Acne** is a common skin condition for many of us.

Acne is formed when hair follicles become plugged with oil and dead skin cells. It can appear anywhere on your body, but is mainly found on the face, neck, chest, back, and shoulders. Even with effective treatment, acne can be persistent. Depending on the severity, it can become emotionally distressing and if not treated properly, can cause scarring to the skin

**Asthma** is a chronic respiratory condition. It causes

inflammation of the air passages that result in a temporary narrowing of the airways that carry oxygen to the lungs. Some symptoms include coughing, wheezing, shortness of breath and chest tightness. This disease affects about 26 million Americans. Ignoring treatment can limit your ability to exercise and be active, but getting proper treatment can help you live well.

**Migraines** are a common type of headache that are

characterized by an intense throbbing or pulsing in one area of the head and are commonly accompanied by nausea, vomiting, or extreme sensitivity to light and sound. For some sufferers, migraines are preceded or accompanied by auras, flashes of light or blind spots. Migraines typically last between 4 and 72 hours.

**Yeast Infection** (vaginal) is a fungal

infection that causes vaginal discharge, itching and irritation. 3 out of 4 women will get a yeast infection in their lifetime.

# Spring Events in Albuquerque

## Shamrock Fest- March 23, 2019

“Keep your Celtic spirit alive as we paint Albuquerque green on Saturday March 23. Join us for ShamRock Fest-a day of Celtic fun and revel in the excitement with themed activities throughout the day.”

[http://www.2heart.org/site/TR?fr\\_id=4067&pg=entry](http://www.2heart.org/site/TR?fr_id=4067&pg=entry)

## Spring Pastel Flower show-April 5, 2019-May 5, 2019

“Spring-themed flowers like pastel multi-colored hydrangeas and pink jasmine will fill the Mediterranean conservatory with color in April.”

## Plant Powered Pop Up Market- April 14, 2019

“Come join us at our new venue on Sunday April 14th from 11:30am to 4:30pm! The market will be set up in the lot behind the Poki Poblano Fusion Lounge. We will still be a family friendly event where everyone can come enjoy visiting with a variety of different vendors including delicious food, unique products, art, crafts and various non-profit organizations from the community.”

<https://www.facebook.com/events/319866885336887/>

## Rail Yards Market Grand Opening- May 5, 2019

“The market will bloom into its sixth year since opening in 2014, and hosts over 100 vendors of fresh produce, fine food, healing hands, and handmade art. Spring couldn't be here fast enough, as farms, foodies, artisans, and organizers chug along to prepare the finest Growers' Market experience for locals and tourists alike.”
